A cluster of seven colored shapes representing buildings on a map. From top to bottom, they are: an orange shape with a rounded right side; a blue shape; a red shape; a green shape; a yellow shape; a cyan shape; and another blue shape. These shapes are arranged in a roughly rectangular block, with the orange and blue shapes at the top and the red and green shapes at the bottom. The yellow and cyan shapes are positioned to the left of the red and green shapes. The blue shapes are positioned to the right of the orange and red shapes.
